

## Physical Facilities

Map of Buildings in KCAET Campus

### Institutional area and farm land

The College campus and the Instructional Farm attached to it are situated in Tavanurvillage of PonnaniTaluk (Malappuram District). The total area is 40.19 ha. The area of the Instructional Farm alone is 30 hectares of which 28 hectares are cultivable. Paddy is cultivated in 8 hectares of land and coconut palms in 15 hectares. Arecanut, Cashew, Mango, Jackfruit, Tamarind, Banana and Vegetables are other major cultivated crops.

### Administrative building/ block/ space

There are 51 buildings and four Green Houses in the Campus. However, only fifteen of these buildings

were constructed after 1985 and others were constructed during the Rural Institute/ IAT period and are more than 30 years old.

### **Salient Features**

- The 40 ha campus, comprising of flat upland, sloppy land, wet land and garden lands. Academic Block, Library, Hostels, Well equipped laboratories, Computer centre, Staff quarters, Trainees hostels, Guest house, veterinary clinic, KVK, play ground are there in the flat upland.
- A well established air conditioned Computer Centre with 40 computers with high speed broad band internet connection is available in the Academic Block. A Geographical Information System Lab with five Computers is also available in this centre.
- All the scientists are provided with computer with internet facility. All the administrative and supporting staffs are provided with computers.
